bulkvoodoo disc

< Printable Area* 38 - 116mm >

non-printable area

ART FILES:
- We prefer vector Illustrator files, but also accept Photoshop, Inkscape and PDF files. Be sure to remove the template from your PDF.
- Please convert all fonts to outlines/curves.
- Please ensure artwork is at least 300dpi.
- Please ensure your artwork is within the printable area (below). 10 mm (3mm) away from the edges of the template.
- Please ensure your artwork is centered and set to surface.
- Do not delete the template from layout.
- Please ensure the file you upload is the same type file extension that refer to the application in the name. (i.e. "my-design.illustrator", "super-photo.psd", "cool-design.pdf") If we can't open your file, we will contact you to request a new file.
- If artwork is delivered in Illustrator and saving in PDF, all text, all fonts, all lines, all shapes must be converted to outlines/curves.
- All files can be uploaded through our website. Please contact us for more information.

COLORS: Write your Pantone Solid Coated Colors or CMYK values. We recommend printing onto a white background.
Pantone Matching System colors are printed as spot colors, so one color, We do not recommend using a mixture of spot colors mixed between the Pantone Matching System and CMYK colors.
